Bureau of Markets &amp; Crops

U. S. Dept. of Agriculture,

Washington, D. C.

October 28, 1924.

Gentlemen:—We are pleased to call your attention to the following list of Sweet Corn and Vine Seed, which we can offer subject to confirmation of orders and crops showing satisfactory tests. We cannot offer any Early and Stowell's Evergreen from our contract crops, but we believe we can obtain some good stocks grown independent of contract.

On account of unfavorable season and late condition of nearly all Field Corn crops we are not quoting a general list; but will be pleased to quote special prices on crops we believe we can furnish upon receipt of memo. showing kinds and quantities you will require. We believe the most of the Early and Medium Early varieties of Sweet and Field Corn will mature all right and show satisfactory tests, although severe freezing weather before the middle or latter part of November may effect the germinating quality of some crops.

If you will require any of the following varieties kindly return this list with the quantities of each inserted you can use or advise us by letter and **we will quote you special prices for large quantities.**

**OFFER**—Subject to immediate acceptance, and stocks remaining unsold.

**TERMS—SWEET CORN**—Draft, with exchange, attached to bill of lading payable 60 days from date, or 1½ per cent discount for cash strictly within 10 days from date of invoice.

**DELIVERY**—F.O.B. Fremont, Nebraska.

**BAGS**—Extra at Fremont market values.

**SHIPMENT**—Soon as possible.

**TERMS—FIELD CORN**—Draft, with exchange, attached to bill of lading payable upon arrival of corn.

## SWEET CORN
